

SIMULUS 10

10th Annual National Conference of PediSTARS on Healthcare Simulation

Theme: Healthcare Simulation for Quality and Safety

Post conference Workshop 6th-7th October 2025

Faculty Development Program

The Faculty Development Program (FDP) in simulation offers an opportunity to learn from international and national experts in the field. Participants will receive Level one certification and guidance from senior mentors for pursuing Level two and Level three certifications over a year. Upon completing Level three, candidates will acquire the skills to design curricula, conduct scenarios, and debrief multidisciplinary teams to enhance patient care outcomes.

Programme Highlights

- ◆ Understanding the role of simulation in education & quality improvement
- ◆ Master principles of crisis management and multidisciplinary team training
- ◆ Learn to conduct needs assessments, script scenarios, and design effective simulation curricula
- ◆ Practice debriefing techniques tailored to learners at various levels
- ◆ Discover methods to create high-realism scenarios using cost-effective techniques
- ◆ Learn directly from esteemed international and national simulation experts

Who Should Attend?

Healthcare professionals interested in simulation training

Prefereably should have some simulation exposure

- Pediatricians
- Physicians
- ER specialists
- Anesthetists
- Intensivists
- Surgeons
- Nurses
- Paramedics
- Allied Healthcare

₹22000/- ONLY
