

SUPPORTED BY

11th Annual National Conference of PediSTARS on Healthcare Simulation

Pre-Conference Simulation Workshop-22nd August 2026

SIMPACT: Simulation for Impact

SIMPACT Workshop

The Impact QI Workshop is a focused, simulation-based program designed to help healthcare professionals understand and apply Quality Improvement (QI) principles in real-world clinical settings.

Using simulation as a tool, participants will learn how to identify system gaps, test interventions, and drive sustainable improvements in patient care and safety.

SUPPORTED BY

Pre-Conference Simulation Workshop-22nd August 2026

Learning Outcomes

- ▶ Apply QI principles in clinical practice.
- ▶ Identify gaps and safety threats in healthcare systems.
- ▶ Design and implement small-scale QI projects.
- ▶ Use simulation to test processes and improve outcomes.
- ▶ Strengthen patient safety and quality culture.

Who Should Attend

Healthcare Professionals interested in Quality Improvement

Doctors (Physicians, Residents)

Nurses

Simulation Educators

Quality & Patient Safety Teams

Hospital Administrators

Maximum participants: 40
Time – 8.00 a.m. – 4.30 p.m.

Rainbow[®] Children's Hospital
It takes a lot to treat the little.

National Coordinator: Dr. Rakshay Shetty (9535475354)

Local Coordinator: Dr. Pavitra Viswanathan (9686411445)

VENUE: RAINBOW HOSPITAL , MARATHAHALLI, BENGALURU

INR: 4000 (Early Bird 31st May) | 5000 (1st June onwards)

USD: 85 (Early Bird 31st May) | 105 (1st June onwards)
