

BHARATI VIDYAPEETH'S
BHARATI HOSPITAL
AND RESEARCH CENTRE
— PUNE —

Faculty Development Program (FDP)

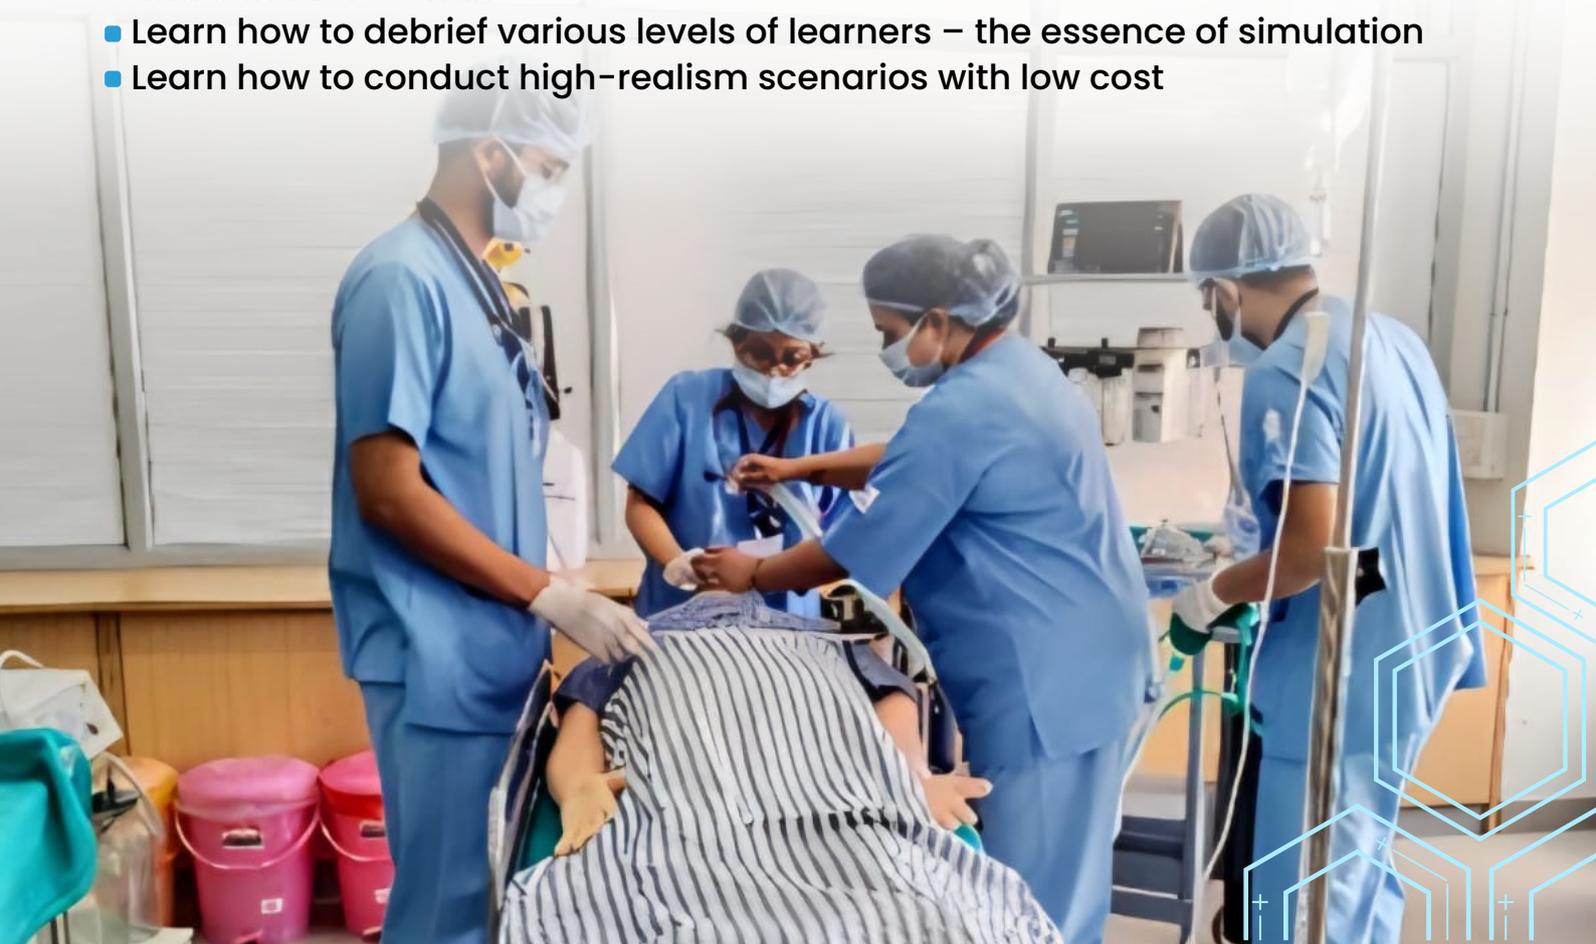

Course jointly conducted by
Pediatric Simulation Training and Research Society (PediSTARS)
and
Bharati Vidyapeeth Deemed University Medical College, Pune

OBJECTIVES:

- To train healthcare faculty in the use of Simulation based Education
- To use the principles of andragogy in debrief following a simulation activity

COURSE BENEFITS:

- Understand the role of simulation in education and quality improvement
- Practice the principles of adults learning
- Understand and practice the principles of Crisis Resource Management and Multidisciplinary team training
- Learn how to build simulation curriculum: needs assessment, scripting, design and conduct scenarios
- Learn how to debrief various levels of learners – the essence of simulation
- Learn how to conduct high-realism scenarios with low cost

This workshop will be conducted by national experts in simulation. Participants who successfully complete 10 days online asynchronous training followed by 2 days on-site training, will get Level 1 certification from PediSTARS. Participants interested in advancing further will be supported through a structured mentorship pathway. A senior mentor will guide them toward Level 2 over six months and Level 3 certification over one year. Upon completion, participants will be equipped to serve as national simulation trainers, contributing to improved clinical practice and better patient outcomes. Those who wish to continue to level 2 & 3, will need to apply and pay an additional fee of Rs. 10,000/-.

TARGET AUDIENCE:

All healthcare faculty from medical and nursing disciplines who want to use simulation for education and quality improvement.

Date:

Saturday – Sunday, 28th – 29th MARCH 2026
